

GUARANTEE CARD

Terms & conditions:

Ceresit-Ceretherm 25 year Product Guarantee

Ant BM Limited and Ceresit-Ceretherm products are supplied with a 25 year guarantee and guaranteed against manufacturing defects, when applied in accordance with the relevant recommendations and specification remain fit for the purpose intended for the guaranteed period, from the date of purchase - provided that the following conditions are strictly met:

Conditions

1. The product(s) have been used strictly in accordance with all of the relevant product information, recommendations, specification and technical instructions (including product information, specific recommendations and installation temperatures), which are current at the time of purchase.
2. The product(s) are not mixed or used with product(s) or systems supplied by other manufacturers, which have not been approved and agreed in writing by Henkel.
3. The product(s) have been stored as recommended, and are used within the specified shelf life.
4. The installation must be properly maintained and not affected by any abnormal conditions (including structural defects), has not suffered improper use (including occupational use outside of the scope of the product) or neglect, and there has been no attempt at remedial works, unless expressly agreed in writing.
5. Any failure is notified immediately and in writing. ANT BM Limited and or Henkel must be given such information, facilities and assistance to fully investigate any such claim.

Limited Liability

The liability under this guarantee is limited to the cost of materials, or replacement product(s) and the reasonable cost of labour, excluding travel and subsistence that is incurred during any agreed replacement. Periodic maintenance and cleaning of the facade may be necessary during the term of this guarantee. The guarantee does not cover any deterioration in the appearance of the facade due to the build-up of dirt on the wall surfaces, the presence of algae or other biological contaminants, or colour fading, which result from normal environmental conditions and the effects of pollution. This guarantee excludes discoloration, infection by algae, damage or defect caused by improper workmanship; installation in weather conditions outside of that recommended; water ingress; structural damage or Force Majeure; any consequential or third party loss, either direct or indirect, which includes loss of profit, time, closure, production, expenditure, savings or goodwill. Any other warranties, conditions or other undertakings concerned with the Henkel product(s) whether express or implied by statute, common law, custom, usage or otherwise, are excluded from this guarantee. This guarantee does not affect the statutory rights of the consumer.

Further Information

ANT BM Limited and Ceresit product(s) and systems to which this guarantee applies are only extended to a specific project, and confirmed in writing. For further information, please contact ANT BM Limited.
